-  **Free fall height:** 1,50 m
-  **Falling area (M):** 8,06 x 12,66 m
-  **Falling area (QM):** 102,00 qm
-  **Age group:** 3 and older
-  **Catalog page:** Page 89

This play area combines many play possibilities. The play huts offer action and space for retreat. Enchant the play world of your children's playground and combine your trees with the NIMMERLAND play structure from the Zwergenhaus line. The play structure is a complete multi-play equipment for children between 3 and 7 years . It consists of two playhouses, metal slide PH=150cm, footbridge with handrail, platform with sand chute, sand revolving crane VA, a wobbly bridge, a tree platform and an extension staircase. A real combination unit that is ideal for kindergarten and after-school care. It can withstand any onslaught and is also visually hoc attractive.
