

Souk®

Souk can take on the appearance of a busy market place with its many small rooms, each offering something different, a new sensory experience. Souk can be many things depending on the fantasy and needs of the users. The design permits

easy and quick moving and changing of the panels - so it is possible to add a new room, to make one large room or many smaller rooms.

This is a unique TLF design for play based on input from pedagogues and nursery school teachers as well as play professionals.

Souk- the system

Souk is a modular system which consists of a set of basic building units of a frame base and wood posts. To this are added various floors and panels to provide changeable sensory experiences.

These choices are as follows:

Base frame in metal with receptacle for a wood post in each corner.

Wood Posts with two connecting rings

Floors - choice of:

- wood
- wood frame with rubber inset
- wood frame with ChildsPlay® * inset
- wood frame with sensory inset
- wood edge to define other surfaces

such as a large sand area
The floor sets inside the base frame.

ChildsPlay® colour choices:- i) olive green, ii) grass green, iii) fjord blue, iv) red and v) terra cotta.

SKE0001 Wood post with 2 connecting rings

SKE0002 Wood floor

SKE0003 Wood floor frame for rubber and carpet inset

SKE0004 Wood floor frame for sensory inset

SKE0005 ChildsPlay® carpet inset

SKE0006 Sensory tray inset

SKE0007 Wood edge

SKE0008 White opaque panel

SKE0009 Orange opaque panel

SKE0010 Rainbow panel

SKE0011 Transparent panel

SKE0012 Circle panel

SKE0013 Base frame

1.870/SRK Rubber inset

This is a beginning module - a basic building block consisting of :

1xSKE00013 Base frame

4xSKE0001 Wood posts

1xSKE0002 Wood floor

1xSKE0008 White opaque panel

This panel can be used as the ceiling or as a wall

From this basic module it is possible to build out -adding on more modules.

The suggested combinations below show some of the possibilities.

166x166x154h

0,5 - 4

Consists of:

4xSKE0013 Base frame

16xSKE0002 Wood posts

11 panels:

5xSKE0008 Opaque white

1xSKE0009 Opaque orange

2xSKE0010 Rainbow

2xSKE0011 Transparent

1xSKE0012 Circle

4xSKE0002 Wood floor

SKE0007 Wood edge

designer: Fabio Casadei

12 months to 4 years

450x450x162h

designer: Fabio Casadei

734x592x154h

Consists of:

6xSKE0013 Base frame

16xSKE0001 Wood post

15 panels:

6xSKE0008 White opaque

2xSKE0009 Orange opaque

3xSKE0010 Rainbow

2xSKE0011 Transparent

2xSKE0012 Circle

6 Floors

2xSKE0002 Wood

1xSKE0003+1.870/SKR Wood with rubber inset

2xSKE0003+SKE0005 Wood with carpet inset
colours: grass green and fjord blue

1xSKE0004+SKE0006 Wood with sensory inset

(Note: avoid placing small particles like pea gravel or bark in the sensory inset as infants and young children can put these in their ears or mouths.)

12 months
to 4 years

Consists of:

4xSKE0013 Base frame

9xSKE0001 Wood post

11 panels:

4xSKE0008 White opaque

1xSKE0009 Orange opaque

2xSKE0010 Rainbow

2xSKE0011 Transparent

2xSKE0012 Circle

4 floors:

2xSKE0002 Wood

2xSKE003+SKE005 Wood
with carpet inset

colours: tillet red and grass
green
