

HOW TO MEASURE GLOVES

Lay your dominant hand flat, fingers together, palm facing upwards. Measure the width at the widest point just below the knuckles, as shown in the sketch.

Then measure the length of your hand from the tip of the middle finger to the base of the hand.

SIZE GUIDE

IN CENTIMETERS

SIZE	WIDTH	LENGTH
KIDS	8.5	18
XXS/S	9.2	18.5
S/M	9.5	19
L/XL	10.5	19.5
XXL	11	20

Please note that the gloves are elastic and that it is up to the customer to choose the preferred fit.
