

PUMPTRACKS

a modern family-friendly playground - powered by Techramps

lekolar®

GET READY TO PUMP UP YOUR RIDE WITH PUMPTRACK FAMILY!

Pumptrack Family is a modern, family-friendly facility designed specifically for families and children. Adapted for various age groups, it is an ideal space for everyone from toddlers to adults, making it an excellent destination for family time. This modern playground for rollerblading, skateboarding, BMX biking, and scootering isn't just a **spot for fun**! It's an adventure waiting to happen. We've reinforced the exposed parts with stainless steel for ultimate durability and removed those pesky elements that can wear out over time. This means **more time riding** and less time worrying about maintenance. The improved geometry eliminates surface scratches in critical areas, ensuring a **smooth ride every time**.

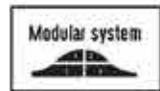

Hop on and enjoy the ride! **Let's go!**

UNLIMITED FUN

This innovative playground promotes physical activity among the youngest members and bridges generations through shared, active experiences. The innovative design and optimized track geometry ensure a safe and smooth ride for everyone, while the wider and more versatile track supports a range of activities, including rollerblading, skateboarding, BMX biking, and scootering. By integrating a flat section for young riders and using durable, weather-resistant materials, Pumptrack Family guarantees both safety and long-lasting enjoyment. The modular track design also allows for easy customization and expansion, meeting various needs and preferences.

By combining two Z modules into one, we've made the track even smoother, cut down installation time, and boosted its sturdiness. Plus, composite material on upper edges enhances track's aesthetics protects it from weather. With an optimized radius for better flow a flat section to **support young riders**, this is all about safety, functionality, unlimited fun.

SPECIFICATION:

	Modular pumptracks have 5 years of warranty.		The track can be reconfigured and expanded with new modules.
	Anti-slip layer to guarantee traction.		The highest quality materials ensure resistance to weather conditions.
	The modular pumptrack can be relocated and used as an attraction at an event.		Greater safety and a 25% faster installation process - faster and easier.
	The 20% wider track provides more space for users, reducing congestion and ensuring a smoother, more enjoyable ride.		

WHY YOU'LL LOVE OUR PUMPTRACK?

5-YEAR WARRANTY
Long-term quality and the possibility of warranty repairs provide peace of mind for many years.

STRUCTURES THAT LAST LONGER
Reinforcing exposed parts with stainless steel and removing external elements increases weather resistance and extends the tracks' lifespan.

TRACK PADDING
Increases aesthetics and safety by minimizing unauthorized access to the construction.

COMFORT AND SAFETY
The special composite riding surface and absence of sharp edges ensure smooth and safe rides.

PUMPTRACK AS A PART OF SPORTS COMPLEX
Expands the sports offerings of complexes, attracting more users.

FACILITY FOR FAMILIES
Suitable for different age groups, it promotes physical activity and unites generations.

HIDDEN ASSEMBLY
This system eliminates protruding elements, reducing injury risk and speeding up installation.

ALTERNATIVE TO PE CLASSES
A modern playground and bike track offering an alternative to traditional PE lessons, boosting children's interest in sports, physical activity, and health.

AESTHETICS AND DESIGN
Modern design and aesthetic craftsmanship attract attention and fit any space.

PUMPTRACK AS A NEW PLAYGROUND
A modern playground and bike track in one encourage children to be physically active.

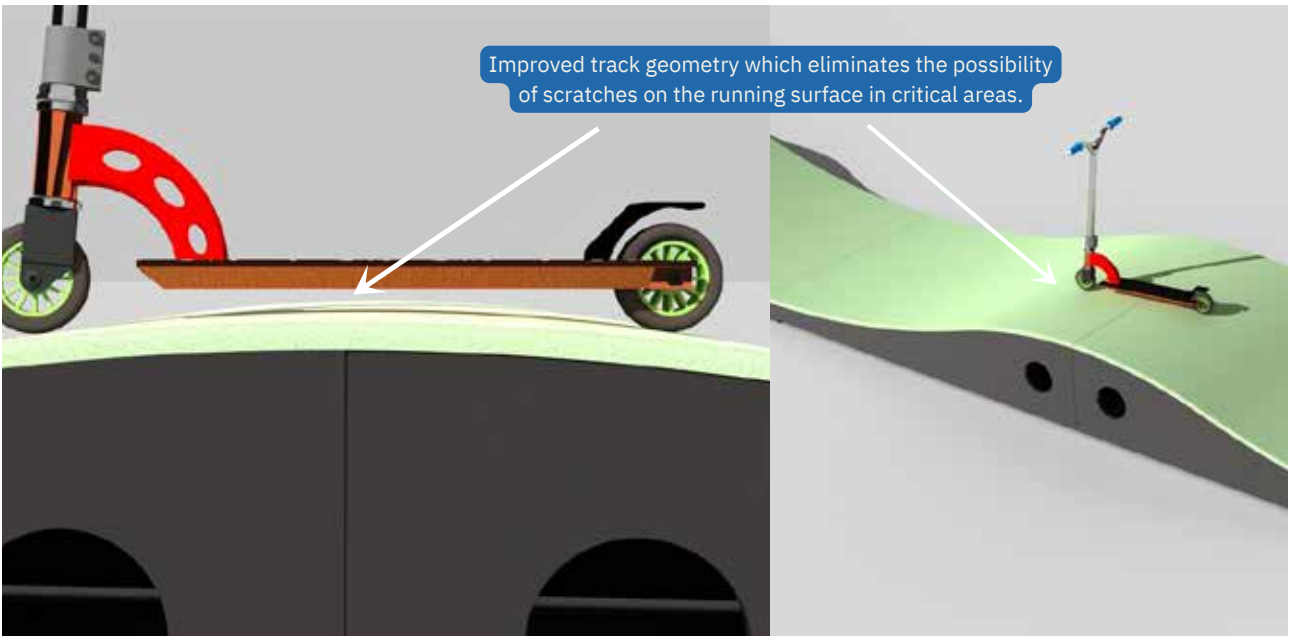

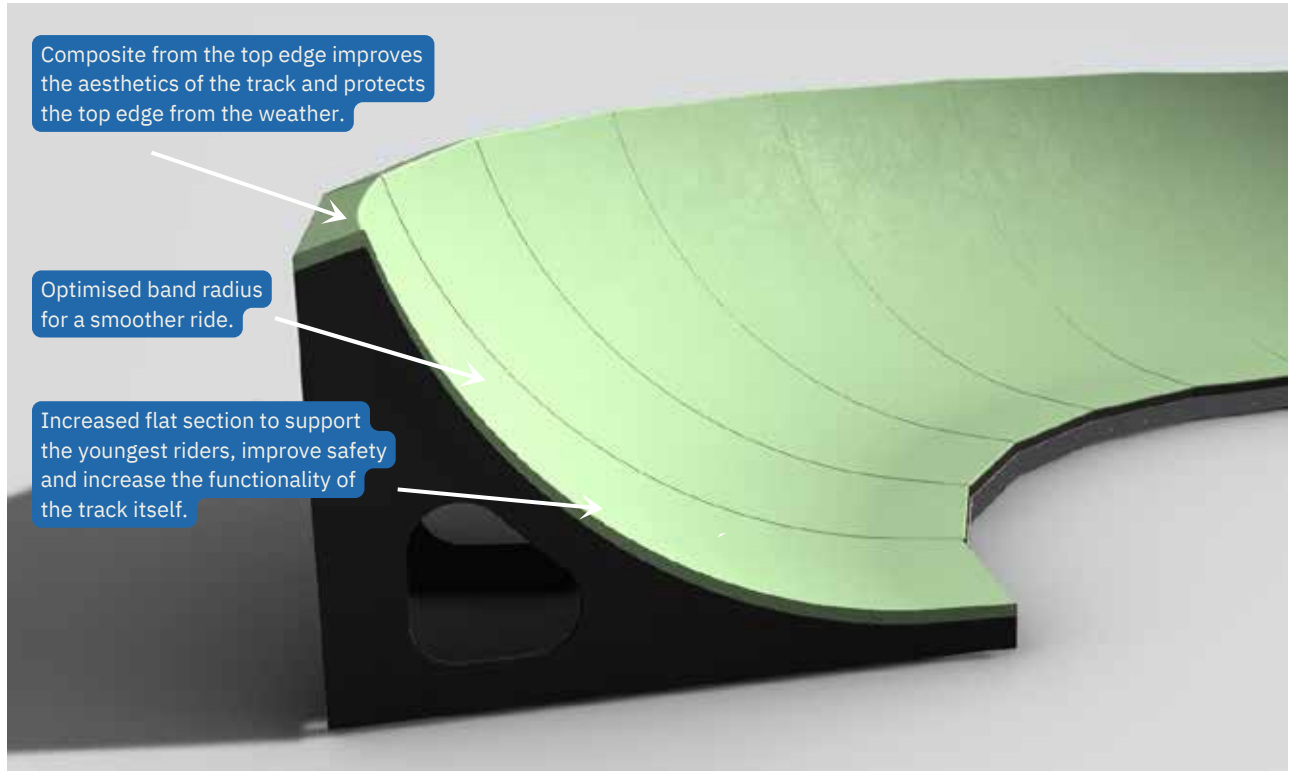

MODULARITY
The modular track design allows for easy customization, expansion, and repair.

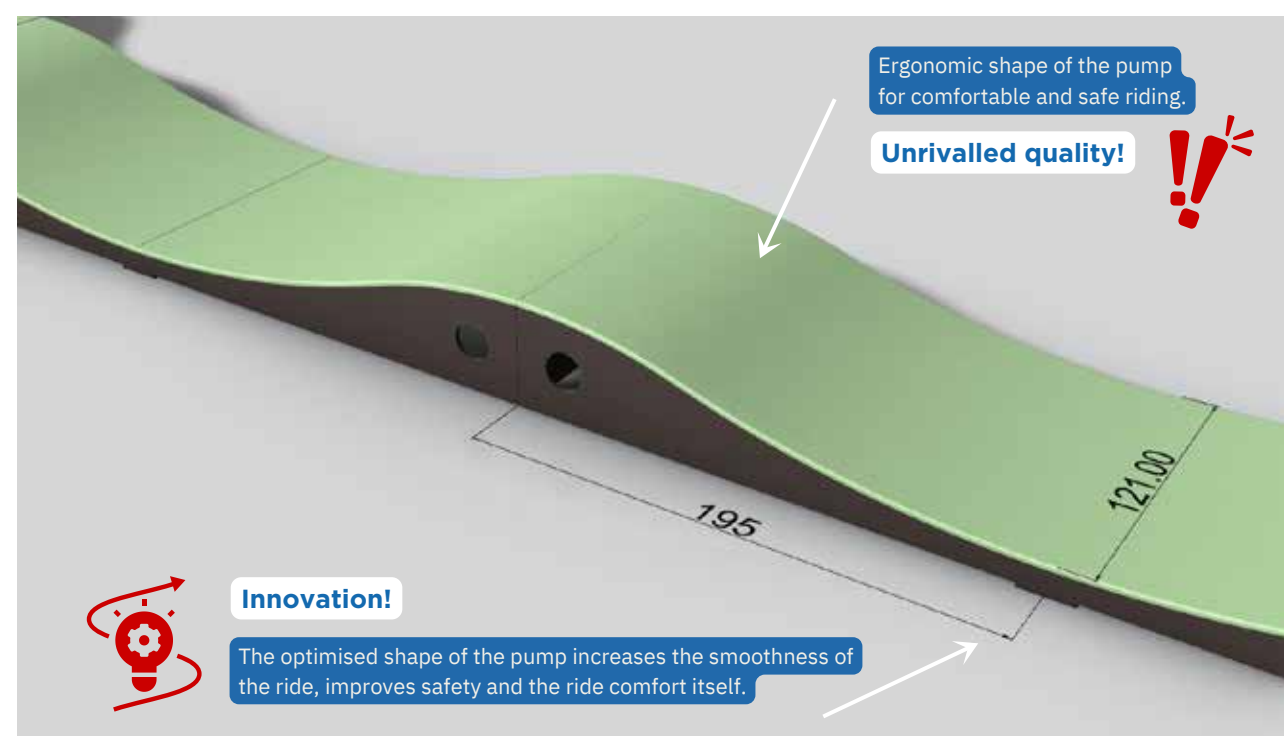

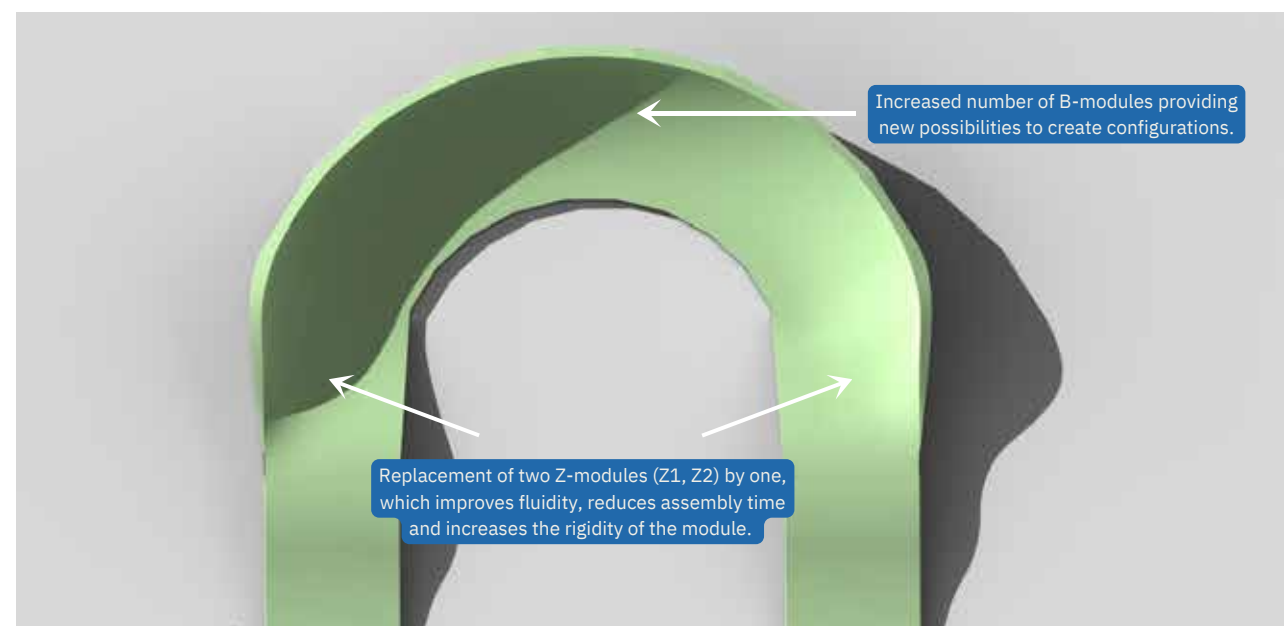

TRACK VERSATILITY
Adapted for rollerblades, skateboards, BMX bikes, and scooters, integrating various sports groups.

WOODEN COMPOSITE TECHNOLOGY

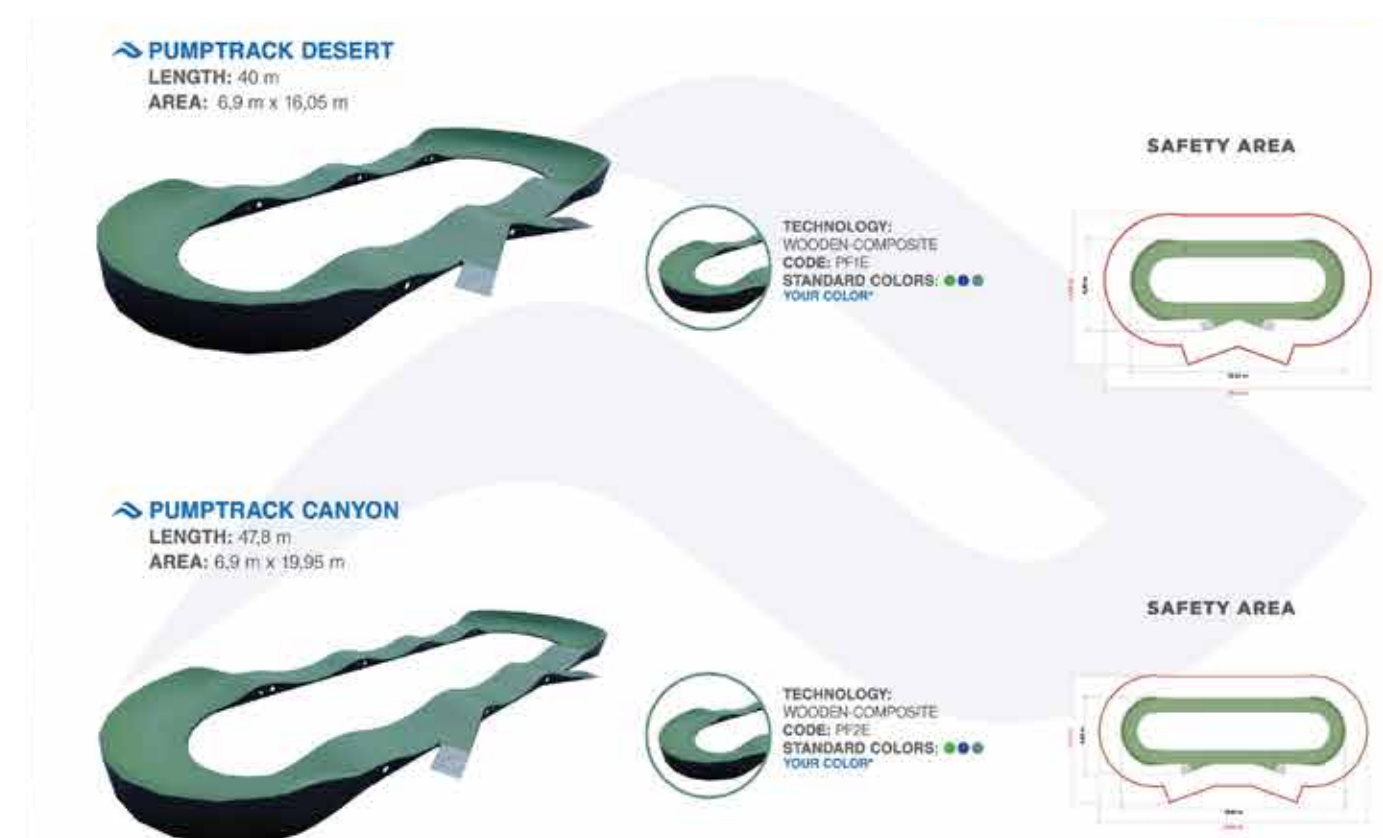

Made in wooden-composite technology, our pumptracks combine lightness and strength with durability and affordability. Made from high-quality plywood, the tracks are not only extremely strong, but also laminated to make them waterproof. Thanks to this process, our tracks show resistance to changing weather conditions, allowing use all year round without risk of damage. The exceptional value for money makes our solutions stand out in the market,

OUR MODELS

We offer many different models of pumptracks. Each of them has been carefully designed and manufactured to provide the best possible experience and safety for users. We offer pumptrack models for different age groups and skill levels. All our models are made of the highest quality materials, which guarantees not only the long-lasting durability of the structure, but also the safety of users. We encourage you to take a look at our offer and choose the best pumptrack model for your sports facility or community.
