COVER FOR LAYOUT CHAIR

NEW

A removable upholstered cover designed to enable refurbishment and extend the lifetime of the Layout Chair and Armchair. Available either as a cover with the seat included or as a fully upholstered variant with two covers for the backrest and seat, it is offered in a selection of textiles and leathers, with further options available on request. For optimal results, we recommend using a professional upholsterer.

COVER FOR LAYOUT ARMCHAIR

NEW

A removable upholstered cover designed to enable refurbishment and extend the lifetime of the Layout Chair and Armchair. Available either as a cover with the seat included or as a fully upholstered variant with two covers for the backrest and seat, it is offered in a selection of textiles and leathers, with further options available on request. For optimal results, we recommend using a professional upholsterer.

NEW ORDER COMBINATIOS | OVERVIEW

Design by Stefan Diez

Developed in collaboration with HAY, Stefan Diez's New Order is a versatile shelving system designed to complement contemporary lifestyles. The simple open-grid construction serves as a flexible and functional framework that enables the user to select pre-defined storage solutions to suit specific needs. New Order is offered in a wide variety of different colours and combinations in a selection of pre-configured combinations that are suitable for use in the living room, kitchen or home office, as well as in professional environments.

LINK TO CARE & MAINTENANCE

FSC™ CERTIFICATION

Nearly all of HAY's wooden furniture is FSC™-certified (FSC-C148805). This ensures that the wood comes from responsibly managed FSC™-certified forests, recycled materials, and other controlled sources. FSC™ certification supports responsible forestry practices with social, environmental, and economic safeguards throughout the supply chain.

FURNITURE WITH AN ENVIRONMENTAL FOCUS FURNITURE

ECOLABELS

The Nordic Swan Ecolabel is the official ecolabel in the Nordics, and the EU Ecolabel is the official ecolabel in Europe. Both work to reduce the environmental impact of products across their entire life cycle – from chemical content and sourcing to how the product is used, reused, and eventually recycled.

By evaluating each product type and setting requirements at every key stage of its journey, these ecolabels help guide more responsible production and support circular economy principles. Together, they provide recognised frameworks that encourage lower-impact choices throughout a product's lifespan.

TRIMAN

The Triman symbol contains information and instructions on how to sort or bring your product or packaging to a recycling point.

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
