Tyginformation Chenille tyger

Dessa tyger är producerade med Chenille garn och har därför en kort lugg.

Luggen kan vid tyngdbelastning lägga sig ner och bilda så kallade "sittspeglar". Detta tillhör tygets karaktär och har inget med tygets slitstyrka att göra.

Tyg med ovanstående karaktär är märkta på utskickade tygprover.

Tygprover 10x10 cm (valfritt ty 3 euro/st (inkl.porto) Skickas i post hen
